ABOVE: Detail of the work on the right: *The Seeing of Clouds*, Visus Signatus drawing, graphite, pastel and rain on wrapping paper, 2024, 152,8 x 103,5 cm

THE SEEING OF CLOUDS

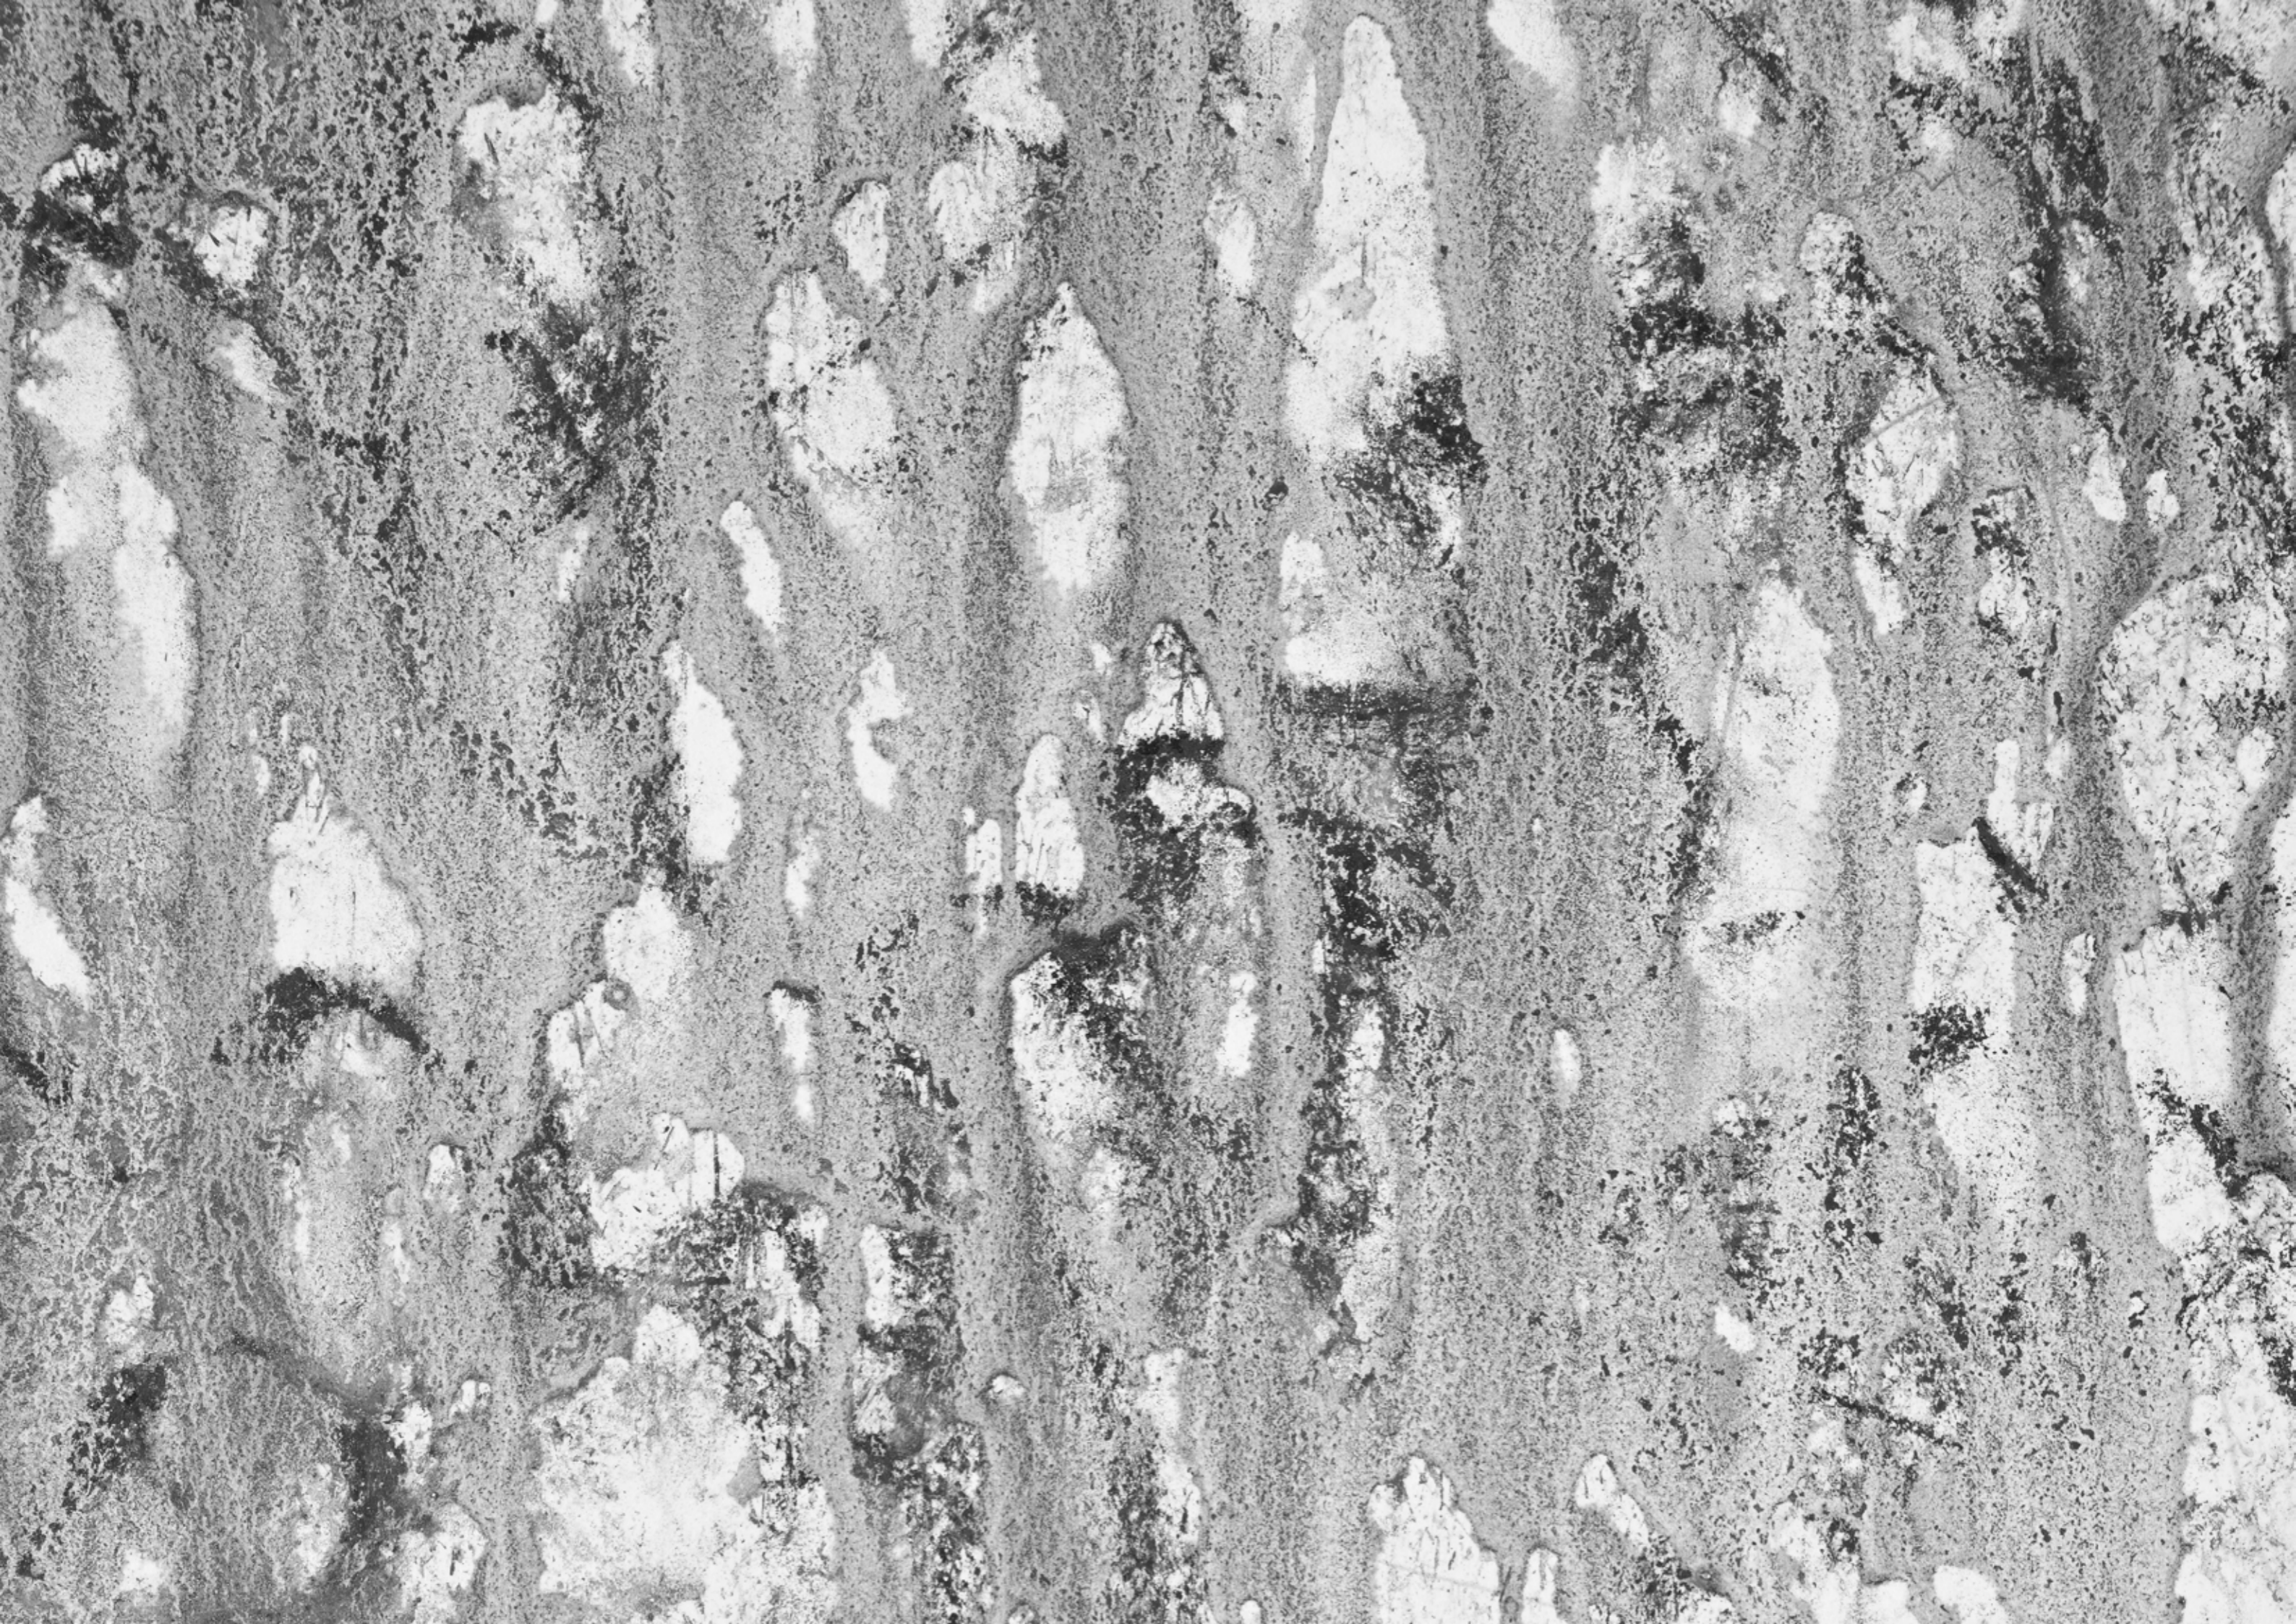

Visus Signatus drawings

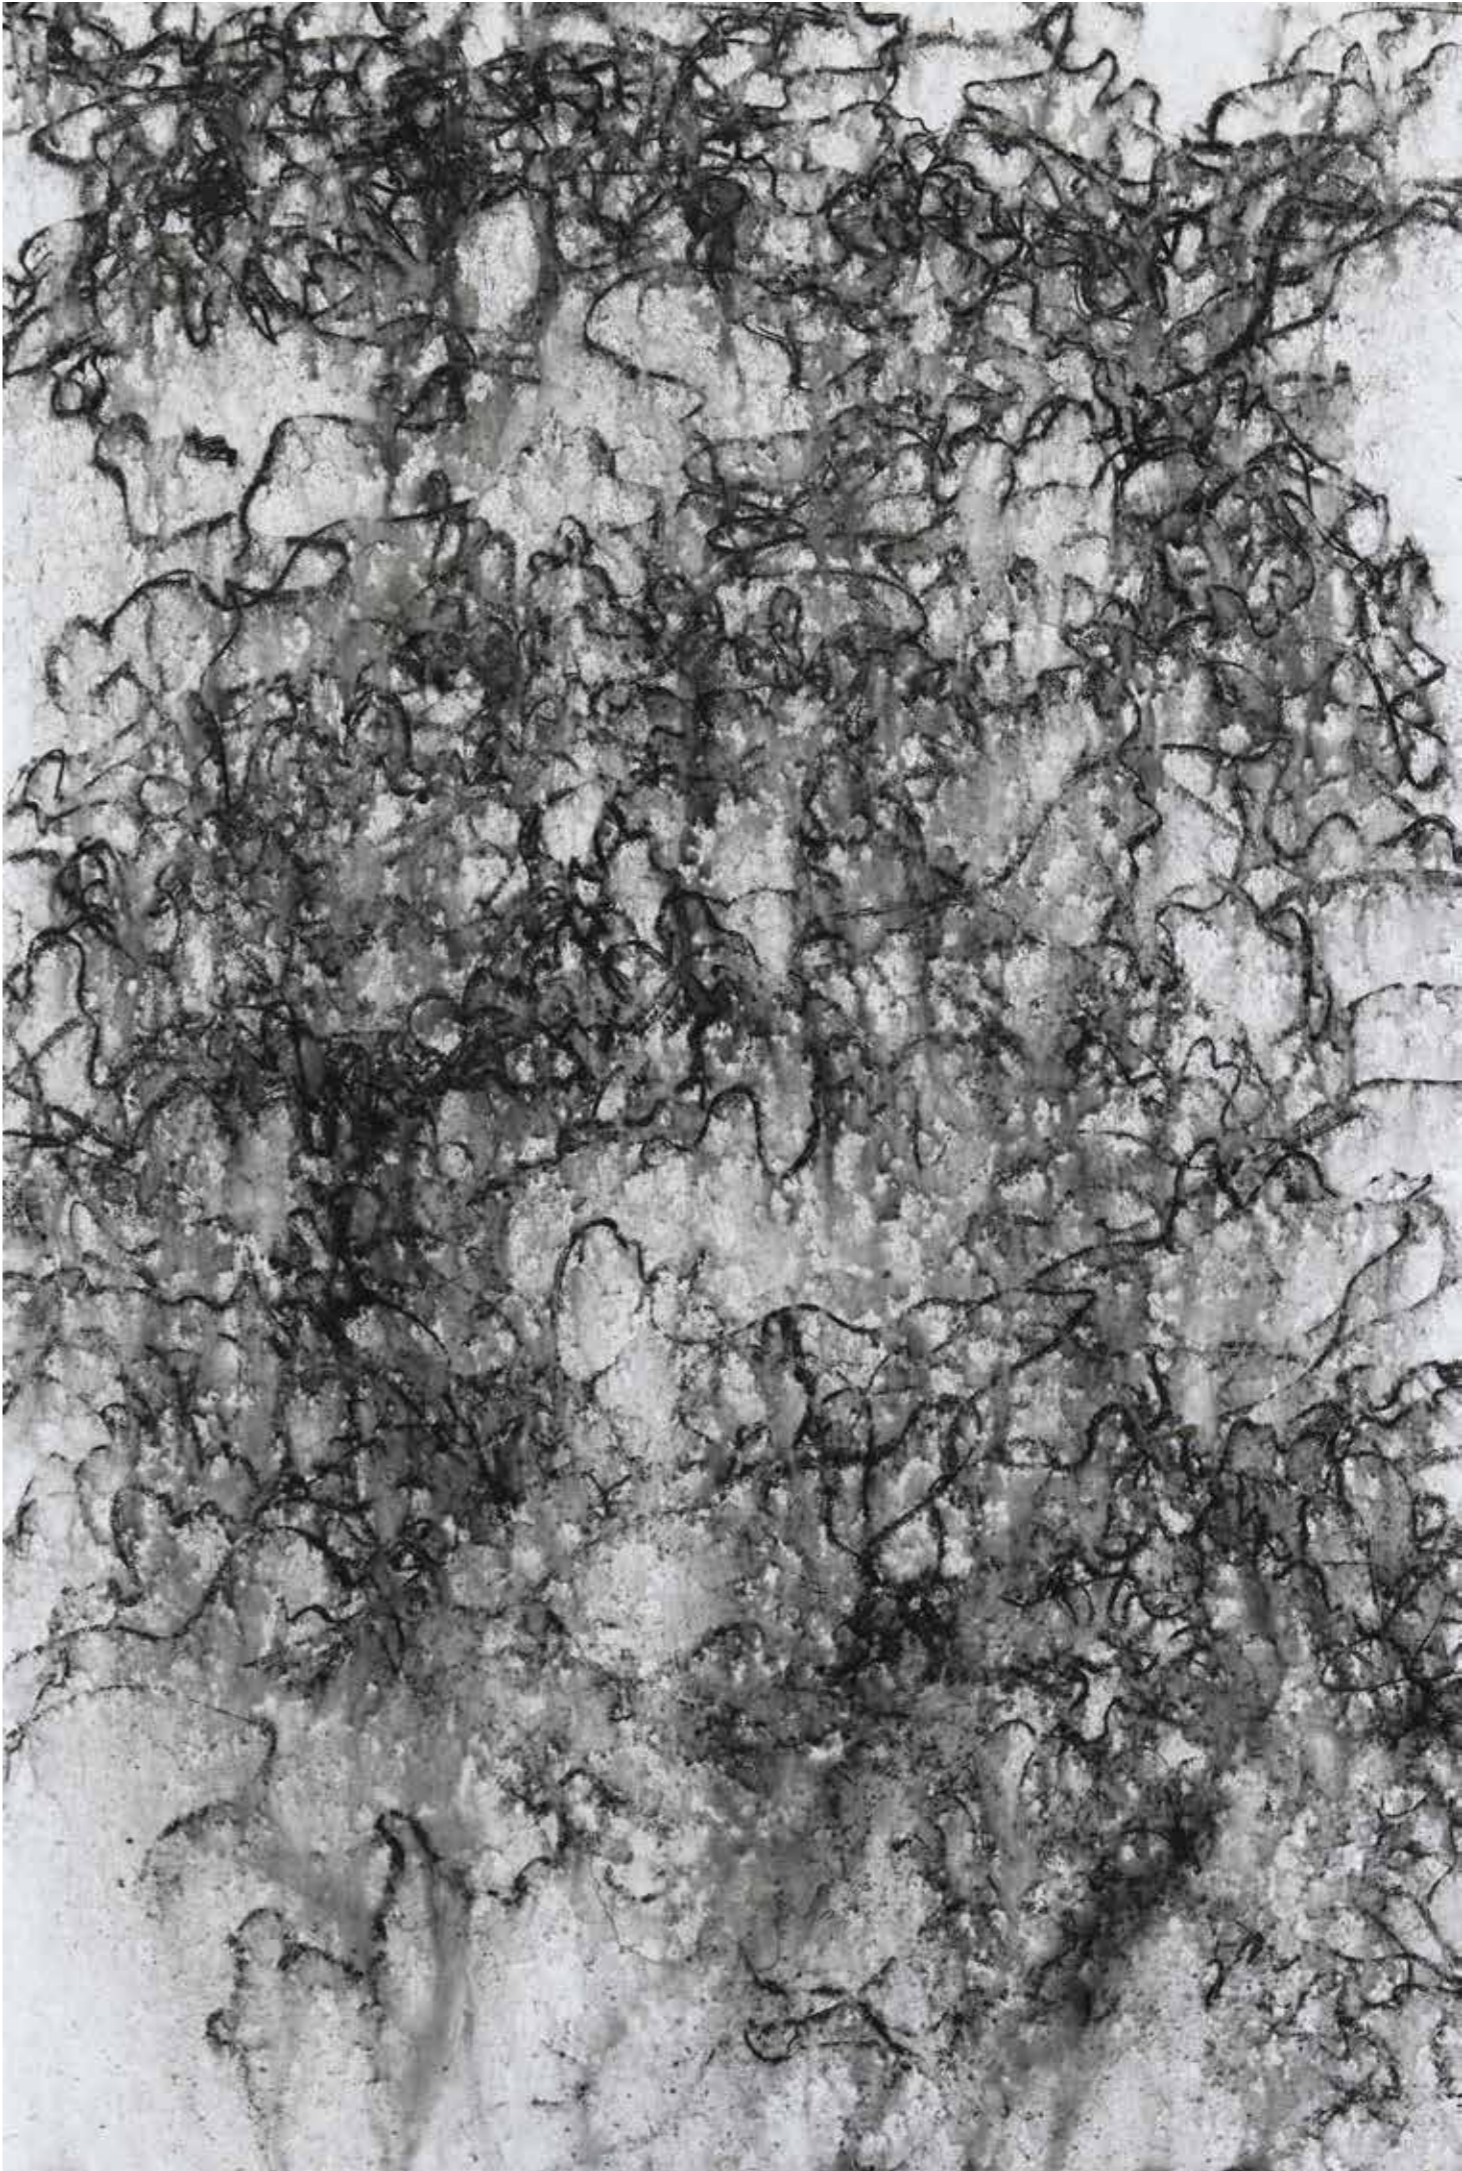

[...] In an unforeseeable way, the inner dynamic of the cloud and that of my seeing is transferred to my body and hand - to meet in the medium of drawing. The temporal process of this fleeting encounter appears in the drawings. (Gerhard Lang in the catalogue *WOLKEN (Clouds)*, Museum Sinclair-Haus, Bad Homburg vor der Höhe, Germany, 2023)

On this website, there are essays and earlier works involving the Visus Signatus approach and the seeing of clouds.
